ST JOHN'S GATE · CLERKENWELL

Supplier list

St John's Gate has stood over this corner of Clerkenwell since 1504, first as the southern gatehouse of the Knights Hospitaller's priory, later as a coffee house, and for a time as the printing office where Samuel Johnson edited The Gentleman's Magazine. That layered history is still visible today, heraldic glass and oak panelling sitting alongside quieter, more contemporary rooms, so no two events here look quite the same. The suppliers below have all worked within these walls before and know how to make a room like this one, whatever you're planning. Each name links through to their own website.
